PROFESSIONAL EXPERIENCES

July 2021 – December 2023

Electrician & Analyst HSE / Former employee at PETROLEC CASABLANCA

Technical & Electrical Systems, Health Safety & Environment (HSE), Energy Management & Sustainability, Tools Software & Data Analysis, Communication Management & Compliance

Installation and maintenance of industrial lighting. Industrial electricity (medium and low voltage), electrical components, and equipment.

February – March 2021

Final-year Internship / Electrical winding company, Salé, Morocco

Electrical, Pneumatic and Mechanical Maintenance

Reprogramming and reconfiguration of Telemecanique variable frequency drives, preventive and corrective maintenance on asynchronous motors and compressors.

July – August 2018

Summer Internship / SONITEL -DOSSO-Niger

Preventive and corrective maintenance on network power generators.

Low and medium voltage junction (connections)

Low and medium voltage wiring and connections.

TRAININGS

2023-2025

Master's degree, ED-ICC Université Joseph KI-ZERBO Ouagadougou

Option: Informatics for Climate Change (ICC)

2023-2023

University of Cape Coast (UCC)

Option: English Proficiency Certificate

2019-2022

Bachelor's degree, l'ISTA Hay Salam Salé/ IUT Maradi

Option: Electrical Engineering

2016-2019

Technical Baccalaureate Diffa - Niger Technological High School

Option: Electronics Engineering (F2)

LANGUAGES

Français

Anglais

Haoussa

SOFT SKILLS

Automation: STEP 7, Grafset, I**Electricity:** Schemaplic, ISIS PROTEUS, Matlab, KiCad, FreeCad**Operating Systems:** Window, LinuxUbuntu, macOS**Microsoft Office:** WORD, EXCEL, POWER POINT

Programming Languages: PyTorch, Verilog/SystemVerilog, R, Python, C++/C, Java/script, Google earth engine JavaScript/java, Arduino ide, Perl, Kotlin, Rust, TypeScript, Go, HTML5, CSS3, PHP, Angular, GNU Radio, Django, Flask, 3GPP, UHF RFID

HARD SKILLS

Informatics: Programming, Parallel & Distributed Computing, Algorithms & Optimization, Data Science & Machine Learning, Artificial Intelligence & Deep Learning, Data Visualization, Databases & Data Management, Web Development, Operating Systems & Linux Administration, Cloud Computing & Virtualization, High-Performance Computing (HPC), GIS & Remote Sensing, Climate & Environmental Data Analysis, Networking & Cybersecurity, Computer Architecture, Embedded & Edge Computing, Scientific Computing, Research & Technical Documentation. **Electricity et Electronics:** Circuitry & Electronics, Power & Electrical Systems, Embedded Systems, Control Systems, IoT, Instrumentation & Measurement, Signal Processing, Sensor Integration, Automation & Robotics, Cyber-Physical Systems,

Centre d'intérêt : Innovations Technologiques, Vie Associative, Réseaux sociaux, Robotique youtube
